

Session Overview

This is a recap session of all the lessons covered in the book, Accounting with Tally - Student Guide.

Recap

Handling Tips

This session will help the students to revisit the concepts they have learnt in the Tally.ERP 9 module.

The slides of the recap session contain the questions based on the concepts of Tally.ERP 9. Show the questions given on the slides. Ask the students to discuss the questions among themselves and share their responses. Collate the students' responses and show the solutions given on the slides.
